DETAILED ACTION

Claims 1-18 are pending.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 17-18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The claims fail to provide reaction step(s) and the reagent(s) with the reaction conditions to carry out the claimed processes. The claims do not specifically point out which compounds in claims 15 and 16 to be used to make the desired compounds serotonin or noradrenaline uptake inhibitor or the intermediates.

Claims 1-16 are allowable since the prior art does not teach the current reaction reagents and reaction conditions.
